PeakTech® 6080 A PROD-ID: P 6080 A

[BACK](#)

High Precision Digital Laboratory Power Supply, 0 - 15 V/0 - 3 A DC

This power supply in modern design constructed especially for the service centers and education fields. The 16 mm LCD displays allow the user to read the fixed values very fast, precise and the outputs for constant voltage and current are continuously adjustable.

- Short-circuit and overload protected
- 16mm LCD with backlight
- 4 mm safety jacks
- Fan-free case design
- Safety: EN-61010-1
- Safety Transformer: EN-61558-2-6
- Accessories: power cable and manual

Output voltage	0 - 15 V DC
Output current	0 - 3 A DC
Output power	45 W
Residual ripple (U)	0,5 mV rms
Residual ripple (I)	3 mA rms
Operation voltage	115/230 V AC; 50/60 Hz
Dimension (WxHxD)	95 x 160 x 225 mm
Weight	2 kg
EAN-13	4250569401473
